Summary

Hello!, Welcome to my LinkedIn profile!
I'm on a passionate journey to become a proficient MERN
(MongoDB, Express.js, React.js, Node.js) stack developer. My
coding adventure is fueled by curiosity, a knack for problem-solving,
and a relentless desire to innovate.

Skills: I've been diligently building my expertise in JavaScript,
Node.js, Express.js, and MongoDB, and I'm excited to continue
exploring these technologies. I also have experience with front-end
technologies like React.js and Redux.

Technical Challenges: I love tackling complex technical challenges
and am committed to writing clean, efficient code. I believe in the
power of well-documented solutions and best practices.

Learning Journey: In the ever-evolving tech landscape, I'm always
seeking opportunities to learn and grow. I stay up-to-date with
emerging trends and technologies to stay ahead of the curve.

Collaboration: I thrive in collaborative environments and enjoy
working with diverse teams to create meaningful projects. Effective
communication and teamwork are values I hold dear.

Future Goals: My aspiration is to contribute to innovative web
applications, solving real-world problems and delivering exceptional
user experiences. I'm eager to explore exciting opportunities in web
development and take on new challenges.

Let's connect and explore the limitless possibilities of web
development together. Whether you're looking for a passionate
collaborator or have insights to share, I'm always open to engaging
discussions and exciting projects

Experience

Brototype
Software Engineer Intern
January 2023 - Present (10 months)
Kochi, Kerala, India

Contributed to the development of web applications, specializing in both front-end and back-end technologies. Collaborated on creating user-friendly interfaces with React.js and Redux, and also worked on server-side development using Node.js and Express.js, leveraging MongoDB and PostgreSQL for database management. Played a huge part in version control with Git, active participation in Agile methodologies, and problem-solving within a collaborative team. I maintained detailed project documentation, continuously improved my skills, and honed my expertise in the MERN stack, resulting in practical experience and growth as a developer during this valuable internship.

Education

Calicut University, Thenhipalem, Malapuram
Bachelor of travel and tourism, Tourism and Travel Services
Management · (August 2017 - April 2020)
